Subject: Proposed Gantt Schedule
LPROU2-PMP-App-C-3-AOC Baseline_2017_02 - Rev1.pdf

Hi Alice,

Please see the attached draft schedule to be included in the revised PMP. I'm sending this prior to the revised document per discussion for any working input you would like to provide. I can also provide in native MS Project if you like.

In addition to review of the overall schedule, please note the Performance Standard task placeholder we included per separate comment. For now, similar to the pre-AOC schedules you and I discussed, this schedule presents ongoing effort on the Performance Standards up to the beginning of the 30% design, so an expectation that some level of activity will continue for another couple years before finalizing. You may wish to provide additional detail (or we can do so in future revisions).

Please don't hesitate to contact me with any questions. Thanks.

Juan
